

FULL STACK DEVELOPER (PHP/JS)

PRAGUE (CZECH REPUBLIC)
ENGINEERING
FULL-TIME

Pond5 is the world's most vibrant marketplace for creativity. We operate the world's largest collection of royalty free footage and other media assets, with over 60,000 contributors in over 150 countries. Because of the massive demand for our collection and overall growth in the video market, we are looking to add more world class talent to our team. If you're passionate about solving complex problems in a fast-moving environment, you've come to the right place. We're looking for talented and energetic individuals to join us to help us shape the future of multimedia.

The ideal candidate strives for excellence, is a continuous learner and a natural collaborator, and is excited to join our Prague office and help take our business to the next level. If you have the technical chops to contribute and the right mindset to keep up with our rapid-growth high-volume pace, we want to hear from you.
